

**CHRIS CONNER and TYLER MAYER**  
**EMPLOYEES OF THE MONTH**  
**JUNE 2009**

Our names are Kathy Gordon and Lauren Christensen. We are employees in the West Valley City Police Department, Records Division. We would like to commend two of your workers for help they gave to our elderly parents earlier this week.

On Monday, April 20, our 80 year old father fell down some stairs in his home. Our 78 year old mother was unable to help him up. She was about to dial 911 when she noticed a couple of West Valley road crew members working on the road in front of their home on Rosemary Street. She ran outside and asked if they could help her.

Workers Tyler Mayer and Chris Conner ran to our parent's home. Before they came in to help, they even removed their shoes so they wouldn't track tar on their carpet. They went to the stairs and helped our dad up and settled him into a chair. They made sure he was OK and then went back to work.

A few minutes later, our mom wanted to buy them lunch, so she went back outside to try to offer them \$20.00. When they saw her coming they both hurried over to make sure nothing else was wrong. She tried to get them to accept her gift, but they refused, and told her "it was an honor to help them."

We thought you should know how these two men conduct themselves during their day to day assignments. The city of West Valley is very lucky to have people of this caliber working here.

Thank you,

Kathy Gordon  
West Valley City Police Records Supervisor

Lauren Christensen  
West Valley City Police Records Sr. Clerk
